MEMORANDUM FOR: Director of Training

SUBJECT: JOT Slots for TSS

REFERENCE: Memo, 22 July 1954, from [redacted] TSS, to D/T, subject: Career Development of All-Round Technicians

25X1A

1. A considerable time has elapsed since referenced memo was addressed to you and referred to us, and during that time significant developments in the field of training have occurred. I refer specifically to the DDCI's recent injunction that the DD/P complex particularly must devote approximately 5% of its strength to essential training. This decision was made without giving DD/P a corresponding increase in authorized strength.

2. This office is in accord with your views that TSS, or any element of the Agency, needs to be constantly aware of the necessity for training career employees of high potential. I feel, however, that TSS should follow the same procedure as the remainder of DD/P, and for that reason I would not support an increase in TSS strength as has been proposed.

SIGNED

Harrison G. Reynolds
Assistant Director for Personnel

9/20/54: Original of this letter sent to Chief, TSS with following note: "In view of attached, the only solution I see is for TSS to request specific Training slots above TO ceiling."
